

Receive The Gifts of The Heart Initiation A Return to Your True Nature

At some point in everyone's life we have The Choice to truly become vibrant, whole human beings. Before we reach this place, we often undergo a period of great pain, darkness or heartbreak. No one is free from this experience in their life. In this place of darkness we have the opportunity to blossom, which can be viewed as extremely frightening; literally a jump into the unknown!

This workshop is an invitation to move through this place of darkness. We will help you to open the door to your soul's true home, your radiant heart center.

This will be a safe and nurturing environment in which you will have the opportunity to:

- Face the shadow parts of yourself, learn to forgive and as a result release shame and guilt.
- Fully let go of what you believe to be your life's story.
- Learn the Art of Silence, Awakened Listening, and True Presence. The Essence of Love.
- Commune with your higher self (your true self), access your intuition, realize your true purpose, and manifest your highest potential.

We are here to transform the darkness into light. The moment we realize this purpose is the moment the darkness will loosen its grip. We may then become united with the ultimate truth, the highest good for ourselves, for humankind and for the planet. We will have in our possession the understanding and the tools for a truly peaceful and happy life.

IT IS YOUR CHOICE.

This life changing workshop will offer you many dynamic tools to assist you with this process.
